

Network Stores and Services

Summary

Shares and services available at IGPP.

- igppnethome.ucsd.edu:
 - igppnethome connects you to your network home directory. From here you will be able to access your network-stored Desktop, Documents, etc. directories.
 - Instructions on how to access it can be found here: [Accessing your Network Home](#)
- igppsoftware.ucsd.edu:
 - igppsoftware is a repository for commonly used and publicly available software.
- igppworkgroups.ucsd.edu:
 - igppworkgroups houses administrative and research network stores.
- igpppublic.ucsd.edu:
 - igpppublic connects you to your **Public** directory from which you can distribute your public files via HTTP.
 - To access the public files point the browser to: **<http://igpppublic.ucsd.edu/~username>**
 - **Note:** Replace "username" with the short login name for your IGPP Open Directory account.
 - Instructions on how to access it can be found here: [Accessing your Network Home](#)
 - **Note:** (Remember to use **igpppublic.ucsd.edu** instead of igppnethome.ucsd.edu)
- igppweb.ucsd.edu:
 - igppweb connects you to your **Sites** directory from which you can host a personal website.
 - To access you personal website point the browser to: **<http://igppweb.ucsd.edu/~username>**
 - **Note:** Replace "username" with the short login name for your IGPP OpenDirectory account.
 - Instructions on how to access it can be found here: [Accessing your Network Home](#)
 - **Note:** (Remember to use **igppweb.ucsd.edu** instead of igppnethome.ucsd.edu)

If you need further assistance, please [contact IGPP Help Desk](#).
