## Questions Addressed

- Is my Mac eligible to get free iWork (Pages, Numbers, Keynote) apps from the App Store? Is my Mac eligible to get free iWork (Pages, Numbers, Keynote) apps from the App Store?

Apple announced that its Pages, Numbers, and Keynote apps are available free with every qualifying new Mac. If you purchased a qualifying Mac on or after October 1, 2013, that did not include Pages, Numbers, and Keynote, you can download them free.
